PROFILE

I am a professional web designer and developer specializing in WordPress. I design and develop responsive, user-friendly, and fully functional websites from scratch using WordPress. With a strong focus on both design aesthetics and technical development, I ensure each website is tailored to meet the unique goals of every client.

WORK EXPERIENCE

2020 - 2021

WordPress Web Designer

- I started my WordPress journey at Khulna IT Center and am now a proud member of their team. This experience has been invaluable, allowing me to refine my skills and contribute to diverse projects. I'm grateful for the opportunity to learn, grow, and collaborate with such a talented team.

2021 - 2022

Search Engine Optimization Specialist

- After completing my SEO course on Udemy, I applied the knowledge gained to optimize my WordPress website. By implementing key techniques like keyword research, meta tags, and internal linking, I've seen a noticeable improvement in my site's visibility and search engine rankings. It's been rewarding to witness the tangible results!

2020 - 2024

Full Stack Web Development

- After my SEO course, I started learning Full Stack Web Development, gaining hands-on experience with front-end and back-end technologies like HTML, CSS, JavaScript, and databases. This journey is helping me build dynamic websites, and I'm excited to apply my skills to real-world projects.
